AGED LADY PASSED AWAY SUDDENLY

Mrs. Catherine Stenson McKeever
Died After a Short Illness of
Stomach Trouble.

OVER EIGHTY YEARS OF AGE

Deceased Was Born in Ireland In
1829, but Came to America
When Quite Young.

Mrs. Catherine Stenson McKeever, aged eighty years, died suddenly about one o'clock this morning at the home of her daughter, Mrs. Ted Lehan, with whom she had made her home since last August. The deceased was in her usual health until a late hour Wednesday evening when she suffered a severe attack of stomach trouble. Every effort was made to relieve her, but her death came a few hours afterwards.

Mrs. McKeever was born in Moyvalie county, Kildare, Ireland December 29, 1829. She came to America in 1852 and in 1860 was married to Thomas McKeever, of Brooklyn, New York. Immediately after their marriage they moved to Evansville, Indiana, and lived there until 1875 when they moved to Vincennes. They resided in that place until last August when they moved to Seymour to make their home with their daughter, Mrs. Lehan.

The deceased is survived by her husband, two daughters, Mrs. Mary Connolly, of Washington, and Mrs. Ted Lehan, of this city, and three sons, Robert, of Spencer, Thomas D., of Kankakee, Ill., and M. F. McKeever, of Indianapolis. There are also eight grandchildren.

Although Mrs. McKeever had not lived in this city very long she had many friends, who speak of her in the highest terms of respect and as a kind and sympathetic friend.

The funeral services will be held Saturday morning at 9 o'clock from the Catholic church. Burial at the Catholic cemetery north of the city.

FIGHT RENEWED

For The Valuable Donaldson Farm East of Mitchell.

The fight for the 200 acre Donaldson farm east of Mitchell in Lawrence county which has been going on for ten years is again in the courts. The land is valuable for its natural features and it has one of the few primeval forests in this section of the state. George Donaldson, a wealthy Scotchman bought it early in the sixties and lived a hermit life there for many years. For some unknown reason he left the farm suddenly in 1883 and went south and later returned to Scotland where he died in 1898.

He had never married and left no heirs in the U. S. On the latter ground the State brought suit to escheat the land to the school fund of the state. The heirs fought the case but the state won. It went to the Supreme court and the lower court was sustained but the decision was reversed later and the case sent back to the Circuit court.

No action was taken after this for a long time but the heirs have now renewed the contest for the property. Indiana University is in possession of the property and keeps someone in charge. Scientific experiments and investigations are conducted there by the school.

CHRISTMAS SHOPPING

Stores All Crowded With Customers Buying Presents.

Christmas shopping in Seymour has started in earnest and the merchants are well pleased with the early holiday trade. They are giving advice to their customers to come early and make their selections before the lines are broken and while they have better opportunities to obtain just what they want. The merchants have the finest and most complete stock of holiday goods ever shown in Seymour and they are very few wants that can not be supplied here at home.

The merchants declare that the early holiday trade this year is much better than it was last year at this time, and they are looking for a record Christmas business. The display windows of the local stores have been decorated in a very attractive and artistic manner, and show in a measure the excellent lines of goods which are displayed.

Good Shipping Facilities One of The Inducements For Location at This Point.

A. B. Cunningham and B. F. See of Rising Sun after being here several days, have leased from B. F. Schneck an eighty acre tract of land southwest of the city and will start a big nursery.

Having decided to locate in this section of the state they investigated the advantages of Washington and other neighboring towns and finally settled upon this point as the best location. The excellent shipping facilities at this point was one of the inducements that brought them here. They will begin planting and setting out stock next spring and expect to make this a permanent location. Eventually they will buy land and erect packing and storage buildings. A foreman will probably be in charge of the nursery next year although one of the proprietors will be here part of the time.

They have had a nursery at Rising Sun the past seven years but will close out their young stock there as rapidly as possible the coming year, preparatory to their removal to Seymour. While they look after retail business and have out agents they devote their time largely to the wholesale feature of the business, supplying other nurseries and dealers with ear load lots.

They have had fifteen years experience and know the nursery business thoroughly.

They operate at Rising Sun under the name of the Cunningham Nursery Company and that will be the name used here.

DESTITUTE FAMILY.

Given Money by Trustee to Assist Them in Reaching Indianapolis.

Mrs. Jane Sutton appealed to township trustee Charles Steinwedel this morning for money to assist herself and family in reaching Indianapolis where they have relatives. The family lived at Paducah, Ky. and were destitute. Mrs. Sutton was sixty-five years of age and was caring for a step son, seven years of age, who besides being an epileptic, was deaf and had no control over his body whatever. He could not move without assistance. With Mrs. Sutton was her daughter, Mrs. Mary Witt, who was the mother of two daughters, whose ages were three and five. The husbands of both women were dead. Mr. Steinwedel gave the unfortunate people their tickets to Columbus.

Big Farm Deal.

E. C. Bollinger, agent has sold the 160 acre farm 6 miles east of Seymour owned by Rev. Harley Jackson to Henry L. Hopping of Laporte, Ind. for \$10,000.00. Mr. Hopping takes possession of his new farm Jan. 1st, 1911.

BUSY CRACKSMEN

Within a Week One Indiana County Suffers Three Visitations.

Cambridge City, Ind., Dec. 15.—The third safe blowing in Wayne county within a week has occurred here. The burglars entered the drug store of Dr. W. A. Johnson in Main street, wrecked the safe with nitroglycerine and got away with \$20 in silver. Either the explosive used set fire to the store or the burglars themselves added arson to their crime, for the building was badly damaged by fire and the stock of goods is a partial loss. Prompt work by the fire department saved the town from a disastrous fire. The fact that the safe had been blown was not discovered until the firemen were at work.

Children Fatally Dosed.

Indianapolis, Dec. 15.—Johnnie F. Staley, six years old, is dead, and his brother Chester, four years old, is in a critical condition at the home of their parents, Mr. and Mrs. C. J. Staley, as the result, it is said, of an overdose of atropine sulphate from a prescription prepared for them by Dr. Walter L. Haworth, an interne assigned to duty as ambulance surgeon at the city dispensary, and given to them by their mother.

They Left in a Hurry.

Huntington, Ind., Dec. 15.—Twenty-four sticks of dynamite were laid around a stove of the Markle Lime and Stone company to be heated preparatory to the evening blasts. The stove became red hot and set the little shack on fire. The workmen saw the flames sweeping toward the dynamite and hiked for tall timber. The explosion wiped the shack and stove from the face of the earth. No one was hurt.

Bit by Vicious Horse.

Columbus, Ind., Dec. 15.—Hershel Flora of this city went into a stall with a race-horse. The animal bit him on the arm, tearing away a large piece of flesh, and then kicked him, breaking his nose and bruising his face.

ENTERTAINED

Second Social Event Given For Miss Glenn Kennard.

The second of the pre-nuptial events to be given complimentary to Miss Glenn Kennard whose marriage to Mr. Edward E. Hopewell will occur in the near future, was given Wednesday evening by Mrs. C. H. Wiethoff of Columbus, at the home of her sister, Mrs. George Winkenhof, 121 Bruce street.

The home was beautifully decorated with white bells and green foliage, the dining room being especially attractive in the mellow light of green and white tapers and fragrance of brides roses. The evening was very enjoyable with the various novel forms of entertainment which were arranged.

As soon as all the guests had assembled they were conducted to a room where they found upon a frame a handsome silk comfort which they had much enjoyment in tacking. Each guest was supposed to tie one knot in the comfort which was presented to the honor guest.

The most unique feature of the evening, however, was the novel manner in which the many presents were presented to Miss Kennard. The gifts were placed in a small wagon which was completely covered with green foliage. The wagon was drawn by the little Misses Lucile Winkenhof and Florence Wiethoff who were driven by Master Hardin Hancock, a nephew of Miss Kennard. The children were costumed completely in white, and represented cupids, the little girls carrying his darts. The wagon was drawn around the room and finally stopped before the bride-elect who sat at one corner of the room where she was completely surrounded by the green foliage and white bells.

An elegant two course luncheon was served in the prettily decorated dining room. The guests found their places at the table by means of dainty place cards which were painted by Miss Kennard. Mrs. Winkenhof and Miss Edna Doane assisted during the evening.

Mother Seeks to Recover Property Which She Deeded to Son.

The case of Parker vs. Parker to set aside conveyance was on trial in the circuit court today. The plaintiff is Mrs. Elizabeth Parker, who makes her home with her daughter, Mrs. Frank Howard in Seymour. She charges that ten years ago she deeded a \$1000 piece of property in Medora to her son, Barney Parker on condition that he care for her the remainder of her life time. She charges that he has failed to fulfil the agreement and she seeks to recover the property. J. A. Cox and S. A. Barnes are representing the plaintiff and Branaman & Branaman the defendant.

Ewing Shields who has the contract for constructing some improved streets at Columbus, went to that place this morning to look after the work.

REFORM PRACTICE

Charles L. Jewett Would Make Certain Changes.

Col. Charles L. Jewett, of New Albany, has submitted to the State Bar association some amendments of the laws relating to criminal practice, which have been approved by the association and will be submitted to the legislature at its meeting next month. In submitting the proposed amendments Col. Jewett stated that he would like for Indiana to take the lead in the matter of reform in the criminal practice with a view of removing some of the scandalous delay and uncertainty in criminal procedure. The amendments suggested are as follows:

No indictment or information shall be quashed or held insufficient if it contains sufficient matter to inform the defendant of the crime with which he is charged.

No trial shall be postponed on account of an absent witness if the state will admit that the absent witness would, if present, testify as stated in the affidavit for continuance.

To Reduce Meat Prices.

Rome, Dec. 15.—Acting on the initiative of Mayor Nathan, the municipality of Rome is negotiating with Chicago packers for the importation of 6,000 tons of Argentine meat early in 1911. The object of the movement is to compel the lowering of the present high prices of fresh beef.

Mrs. Emma Thompson, Miss Margaret Thompson and Miss Nell Robinson were in Indianapolis today.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

W. C. T. U. Meeting

The address of Mrs. Alice Redmont at the W. C. T. U. meeting Wednesday afternoon was greatly enjoyed. The speaker was a delegate to the National Convention and gave in a very interesting manner the proceedings of that meeting. The paper by Mrs. W. F. Pfaffenberger, "A Glimpse of the Worlds' W. C. T. U." was also very interesting. The paper showed that the organization was doing excellent work in twenty-three countries. The meeting was held at the home of Mrs. Howard Brown on Indianapolis avenue. The next meeting will be held at the home of Mrs. Frank Teckemeyer on West Fourth street on Wednesday, December 28.

Birthday Surprise.

Wednesday evening Bishop Goodman was very pleasantly surprised at his home on West Oak street. It was his eleventh birthday anniversary and the members of Mrs. Jay C. Smith's Sunday School class of which he is a member gathered at his home and had a very enjoyable evening. The affair was a complete surprise for Bishop who received a number of presents as reminders of the occasion. Refreshments were served and the evening was a very pleasant one. Mrs. Goodman had decorated the home very tastefully for the occasion.

DEAD LETTER AUCTION

Shows Much Carelessness In Sending Packages Through The Mails.

The postoffice department at Washington conducted its annual auction sale this week. The accumulations in the dead letter office were sold to the highest bidders and the receipts are reported to have been about \$12,000. Carelessness in wrapping and addressing packages sent through the mails makes this auction sale possible. The accumulations in the dead letter office could be largely eliminated if all people would use ordinary care when mailing their letters and packages. Often addresses are incomplete and sometimes so poorly written that the writer himself can not read the name or address. To get an idea of how careless some people are with their mail you need not go farther than the local post-office. More than a dozen letters and cards are now posted in the lobby because of the carelessness of those who mailed them. Some have no addresses on them, others have only partial addresses and several were mailed without stamps. Another thing that should never be neglected is the return address. A letter or package should always bear the address of the sender. Then do not neglect to give your street number as a necessary part of your address.

EXCELLENT COMPANY

"The Climax" Pleased Large Crowd At The Majestic Theatre.

"The Climax" scored a brilliant success. Not for a long time has a play been presented at the local theatre that is deserving of such high commendation as is due the company last night. The audience was intensely interested through each act, and the hearty encores indicated the appreciation which was felt by those present.

The play was simple throughout, the excellent acting and the interpretation of the lines made it a success. Dazzling costumes would have been out of place in the small rooms of Luigi Golfanti. But it was in such a place as this that the ambitions of the teacher and Adelina Von Hagen, the pupil, rose to the greatest heights, and it was in such quarters that the future success was planned. Of course the pupil is in love, this time with Dr. John Raymond, who fears that she loves her voice more than she does him. For this reason he uses his scientific knowledge so that she may temporarily lose her voice, and by this means he succeeds in his plan. Just before the marriage takes place, however, the pupil finds that her voice has returned, and that it was because of her lover that she was unable to sing.

There were several climaxes in the play any one of which would have given the play the name, but the last one where the pupil decided in favor of her voice, was probably the greatest in the play.

Manager Howell is to be congratulated upon billing the play here, for it is plays of this character that will make the Majestic a success.

BRONCHITIS

To Whom It May Concern.

Bluevale, Ont., May 4, 1910. "I was sick for two years with chronic bronchitis and a consequent run-down condition. I received no benefit from doctors or from a trip which I took for my health and I had to give up work. Vinol was recommended and from the second bottle I commenced to improve—I gained in weight and strength, my bronchial trouble disappeared, and I am at work again. I want to recommend Vinol to anyone who is in need of such a medicine." Thomas Higgins. (We guarantee this testimonial to be genuine.)

It is the combined action of the curative elements of the cod's livers aided by the blood making and strength creating properties of tonic iron contained in Vinol which makes it so successful in curing bronchitis. Vinol is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles, not a palliative like cough syrups.

Vinol contains no oil or drugs and is far more efficacious than cough mixtures, because it cures the cause. Try it. If you don't think it helps you, we will return your money. Andrews-Schwenk Drug Co.

Havana, Dec. 15.—General Pino Guerro, who has almost entirely recovered from the effects of the wound he sustained from an assassin, has lately been confined to the limits of Camp Columbia by a presidential order in consequence of the riding in an auto around the palace, accompanied by a number of armed officers, without stopping to send in his card to President Gomez. "LYMAN TWINS"

Entertaining Musical Comedy at Majestic This Evening.

One of the largest and most pleasing musical comedy attractions of the season will be seen at Majestic Theatre this evening, when the famous comedians "The Lyman Twin Brothers" appear with their excellent company in the season's big success "The Prize Winners." This wonderful twin star comedy contains an abundance of big features, pleasing novelties, charming specialties, with a dainty chorus of pretty girls, funny comedians and beautiful display of electrical effects never before seen with this class of attraction. This new success was written expressly for these young stars like all others in which they have appeared with wonderful success, but from the way The Prize Winners are meeting with approval from both press and public, they have outdone all previous attempts in this production, carrying a large company and all necessary scenic equipment complete.

O. A. Rainbolt of Bedford, a representative of the International Harvester Company, will move to Seymour. He was here today looking for a house.

You Must Read This if You Want the Benefit.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." A. J. Pellens.

The Climax company which played here last night was billed for Columbus Tuesday evening, but no performance was given on account of the baggage and scenery failing to arrive. The company gave their play at Princeton on Monday evening and when they left that place for Columbus changed trains at Vincennes, but their baggage was not placed on the train and did not arrive at Columbus. The trunks and scenery were held here until the company returned from Columbus Wednesday.

Tomb of Noah.

The tomb of Noah is supposed to lie in the small town of Nakhichevan, on the plain of Ararat. The burial place is at the side of the broken walls of an abandoned fortress in the midst of a vast plain which is literally covered with the remains of bygone glories.

THOMAS M. HONAN

Attorney-General-Elect of Indiana Names His Deputies.

Indianapolis, Dec. 15.—Thomas M. Honan, attorney-general-elect, has announced the appointment of Francis M. Griffith, of Vevay, and Thomas H. Branaman, of Brownstown, as deputies. The assistant to Mr. Honan, who is J. E. McCullough, of Greenfield and Indianapolis, was named some time ago. Mr. Griffith was formerly a representative in congress from the Fourth district. Mr. Branaman is a practicing lawyer at Brownstown. Mr. Honan will take office January 1.

Take Care.

When the kidneys are effected, life is in danger. Read what Foley Kidney Pills have done for your neighbor. Mr. Emmet Jackson, Bloomington, Ind., says: "For the past few years I have worked over turpentine which I think is the cause of my kidney trouble. It started with an acute pain in the back over the kidneys. I felt all out of sorts and was annoyed by an irregularity of the kidneys accompanied by a scalding and burning sensation. There was a continual tenderness in the loins and a general feeling of weakness that unfitted me for my daily work. My eyes began to bother me and I had terrible headaches with dizzy spells. At this time I commenced taking Foley Kidney Pills and soon improved under the treatment. I kept it up steadily and now thanks to Foley Kidney Pills am well and strong again."

For That Dull Feeling After Eating.

I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. Get a free sample at Andrews-Schwenk Drug Company's drug store and see what a splendid medicine it is.

It is said the B. & O. S-W. is planning to spend several thousand dollars in improving and enlarging the railroad yards at Washington. On account of the heavy traffic the company is making improvements at several of the principal yards on this division.

A Simple Safeguard For Mothers

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. A. J. Pellens.

Rev. T. C. Smith went to Indianapolis Wednesday evening to attend the Baptist Brotherhood meeting which was addressed by the great evangelists, Chapman and Alexander.

Judge Shea, O. O. Swails, S. A. Barnes, F. W. Wesner, Albert Kastling went to Brownstown today.

MRS. STETSON WASN'T OVERLOOKED IN WILL

Mrs. Eddy Remembered Her
Excommunicated Disciple.

Concord, N. H., Dec. 15.—There is every reason to believe with the filing of Mrs. Eddy's will that the value of the Christian Science leader's estate has been underestimated and that it will reach, if it does not exceed, \$2,000,000. This will of course depend largely on the value which the appraisers place on the copyrights. The cash, securities and personal estate, exclusive of the copyrights, will exceed, it is pretty authoritatively rumored, \$1,000,000.

Under the terms of the will the mother church at Boston is to get the bulk of Mrs. Eddy's enormous fortune. This church, in addition to special bequests aggregating \$150,000, is also made the residuary legatee. The Second church, of New York city, is the next largest beneficiary, as there is left to it a sum not to exceed \$175,000 to pay off its indebtedness.

The largest individual beneficiary is Calvin A. Frye, who for more than thirty-five years has been close to Mrs. Eddy, and who receives \$20,000. Laura E. Sargent, long of the Eddy household, gets \$5,000. Frederick N. Ladd of this city, a distant cousin of Mrs. Eddy, receives \$3,000. There are several other minor personal bequests. Mrs. Augusta E. Stetson of New York city is bequeathed the handsome piece of jewelry known as the "crown of diamonds," one of the most valuable pieces of jewelry which Mrs. Eddy possessed. This bequest comes as a surprise to Christian Science, especially as the beneficiary is now excommunicated from the church. Mrs. Laura Lathrop, the pioneer to carry the Christian Science gospel from Boston to New York, is bequeathed the beautiful "cross of diamonds," considered a precious memento, the favorite jewel of Mrs. Eddy, always worn at her throat.

The will is dated Sept. 13, 1901, and contains a bequest of \$10,000 to her son, George W. Glover, and to each of his children \$10,000. How these bequests now stand in the light of a settlement made by Mrs. Eddy with her heirs when the Glovers received \$225,000, increasing at the time the trust fund for the Glover children from \$125,000 to \$175,000, may be a question of law, as the agreements do not specifically state that rights to special bequests are abrogated.

STEEL BONDS TO PROMOTE PEACE

Carnegie Turns Over \$10,000,000 to That End.

ERA OF UNIVERSAL PEACE

This is the End Sought by Creation of a Perpetual Trust Which Will Have a Half Million a Year to Devote to the Task of Bringing the Nations of the Earth into Relations of Amity.

Washington, Dec. 15.—At a meeting here of twenty-two of the twenty-seven trustees who have been selected to handle the big fund, Andrew Carnegie's \$10,000,000 gift for the promotion of international peace was announced.

The trustees are left free to devote the income, which will be about \$500,000 a year, in the interest of worldwide peace. The trust is to be perpetual and is designed as much for the continuance of the peace movement after Mr. Carnegie is gone as it is for its promotion now.

The donor makes provision even for the use of the fund after the era of universal peace is established. When this is accomplished the income of the fund shall be used "from century to century without end" in aiding man in his march to higher and nobler stages of development as the trustees may see fit.

"Let my trustees," said Mr. Carnegie, "therefore ask themselves from time to time and from age to age, how they can best help man in his glorious ascent onward and upward, and to this end devote this fund."

The \$10,000,000 gift is in the form of United States Steel Corporation bonds bearing interest at the rate of 5 per cent, and is made in the form of a deed of trust, but the trustees are authorized to incorporate. President Taft was selected as honorary president of the organization, and Senator Root was elected temporary chairman of the board of trustees, which is made up as follows: Elihu Root, Nicholas Murray Butler, Henry B. Pritchett, Joseph H. Choate, James Brown Scott, John W. Foster, A. J. Montague, William M. Howard, George W. Perkins, James L. Slayden, Andrew D. White, Robert S. Brookings, Samuel Mather, J. G. Schmidlapp, R. A. Franks, Charles-magne Tower, Oscar Straus, John L. Cadwalader, Charles L. Taylor, Cleveland H. Dodge, Robert S. Woodward, Austen G. Fox, Charles W. Eliot, A. K. Smiley, Thomas Burke, John Sharp Williams, and Arthur W. Foster.

Members of the board of trustees, when questioned in regard to the lines of activity that will be followed at first, said that it was too soon to say anything definite on that subject.

A DASTARD'S TRICK

Indelible Ink Substituted For Sacramental Wine in Country Church.

Carlisle, Ky., Dec. 15.—Somebody substituted indelible ink for communion wine at the Pleasant Valley Christian church, a few miles from here, and several people were made violently ill. The wine was kept at the church, and not noticing the change in the color of the liquid, the elders passed the vintage to the members. Many of them drank before the change was noticed. Soon after they were violently ill. Investigation has not revealed the culprit.

HOLIDAY GREETING

Christmas comes but once a year—the time of great rejoicing. We are thankful for life, health and abundant harvests; our gratitude finds form in greeting to our friends. All good for which we strive is linked to the higher nature of man, and to the Infinite through service to Him.

The divine gift of friendship is exceeded only in gratitude that comes from righteous actions worthily done in the service of mankind. That we have the privilege of representing in this community a Natural method that relieves pain, adds health and prolongs life is most gratifying. Our object is to share these blessings as far as we may with those who labor under the handicap of ill health.

It is in the spirit of humility and with a sense of our own unworthiness that we refer to the kindly expressions of confidence and esteem of patrons who regard us their benefactors. Such appreciation makes life a privilege and gives impetus to our work. If gratitude be our due, we assure you, kind friends, it blesses alike both the giver and the receiver. To give to mankind a better way to health and to bring glad tidings of healing to many sufferers who had lost hope is indeed a blessing.

To displace disease with health is the greatest of all human endeavors. No better gift could be bestowed. Evidencing our desire to act kindly and show sympathy to the afflicted, we feel it our duty to tell them of the generous and good gifts that come from the skilful application of Osteopathy by the Spaulhursts Osteopaths, at their offices in this city every Monday, Wednesday and Friday.

Our willingness to help you is evidenced by our free consultation and examination, which gives us an opportunity to give you an honest opinion of the cause of your ailment and to explain the application of our treatment to your individual case. We endeavor to give a little more satisfaction than is expected and make good every promise. Thus patrons are invariably satisfied, become "boosters" and keep us busy.

Wishing one and all a merry Christmas, a happy and prosperous New Year and realizing without health there can be neither of the former, we commend to you Nature's own way to health. We again express our thanks and appreciation for the liberal patronage accorded us and hope to merit a continuance of your favors by seeking to give still more efficient and effective service.

DR. JOHN F. SPAUNHURST.

SENSATIONAL ARMY REPORT

Too Much For Congress and
It Was Withdrawn.

PUBLIC INTEREST INVOLVED

Secretary Dickinson and General
Wood Agree Upon Report Showing a
Glaring State of Unpreparedness in
National Defense, but Congress De-
clined to Receive the Same on the
Ground of Public Policy.

Washington, Dec. 15.—In official circles an extraordinary situation has arisen over formal reports prepared by the secretary of war disclosing a state of unpreparedness in the national defenses that is characterized as sensational. Unusual efforts have been made by members of the house of representatives to suppress the contents of these reports on the ground that publication would be detrimental to the interests of the government. But Secretary of War Dickinson and Major General Leonard Wood, chief of staff, who ought to know how far it is expedient to disclose the condition of the national defenses to other nations, have apparently been entirely willing to have the reports given out.

To make the situation more complicated, President Taft's views in regard to the so-called sensational reports do not coincide with those of his own cabinet adviser and chief of staff, and he sympathizes with the effort that is being made by members of congress to suppress the reports.

While congressional leaders say officially that they are against the publication of the reports because it would place undesirable information in the hands of other governments, the real reason is that they fear a "war scare" rush for appropriations.

Two reports have been prepared by the secretary of war, and neither has seen the light of day. One was prepared more than a week ago, and its contents were described as "sensational" by those who read it. Before this report was sent to the house of representatives, Representative Tawney, chairman of the committee on appropriations, got wind of it and went directly to the White House and protested against its being sent out for publication. Soon after this visit it was announced that the original report by the secretary of war would be altered and the modified report would be sent to the house later.

The modified report, which is said to be considerably milder than the original, was then sent to the house and was marked "confidential." This report was an expurgated edition of the original and was accompanied by a statement by General Wood. As the rules of the house do not provide a practical method for dealing with confidential documents, the Dickinson report was made the subject of a conference by leaders, who decided after perusing its contents that it should be returned to the war department with the suggestion that the portion of the report containing facts not detrimental to the public interest should be returned to the house, and that the other material in the report of a confidential kind should be sent to some house committee. As a result of all this see-sawing Dickinson will probably reply to the house at the direction of the president, that the report will not be submitted because it would be incompatible with the public interest. The likelihood therefore is that the affair will end with no report at all.

DEADLY CRAPS GAME

Negro Arrested at Indianapolis Admits
Killing Opponent.

Indianapolis, Dec. 15.—George Pruitt, colored, wanted in Owensboro, Ky., for the murder of a man named Grouse, was arrested here and will be taken back to Owensboro. Pruitt admitted that he shot and killed Grouse following a quarrel, about three weeks ago. Pruitt said that he and some other men were shooting craps in the rear of a barber shop in Owensboro, and that Grouse objected to the way he rolled the bones. He said that after they had an argument about the matter Grouse tried to draw a knife and Pruitt shot him. His plea is that he shot in self-defense.

Dec. 1910,

Dear Friend:

Prunes, when you stew them are a mighty nice thing to begin breakfast with. Don't you think so?

There is lots of difference in the kinds of prunes you get though. If you want to get real nice prunes you must go to a grocery that carries good prunes and other fruits.

Prunes are nice and healthy too. They make a good economical breakfast fruit, because you can get a whole pound of extra large ones for 15c.

Your Friend,
JACOB.

SHOES

DEAR SANTA CLAUS:—

Ma says you have so many little ones to please that I had not better ask for much this year and that you would be most pleased if I asked for something useful. So I ask for a pair of Educator Shoes, the kind that has room for all five toes and don't make me limp. Nellie was delighted with those red top Jackie boots she saw in Ross' window, so I am sure a pair of them would just suit her. Bud saw some Jackie leggins at Ross' that caught his eye. Papa's slippers are about wore out and I know Ma would like a pair of felt fur top house slippers. Now Santa don't forget, please. Good-bye.
